

The Honeywell HTS900

Increases:

Dash Speed

Mission Range

Payload

Engine Reliability

Provides enhanced engine performance for the Kiowa Warrior.

The HTS900 boosts the Kiowa's takeoff power by 38 percent at 6,000 feet / 95°F.

And with seven percent less fuel consumption.

The result: Increased mission capabilities and range, with less fuel transportation required to theater.

The HTS900 – The engine for the Kiowa Warrior.
